

CORRESPONDENCE

Gobleville.

The oldest daughter of Mrs. D. Lockard had her tonsils removed and is doing well.

Mrs. C. Newman has recovered from a severe attack of tonsillitis.

One of Mr. Martin's young boys has been ill with diphtheria. All public gatherings, including school, are prohibited for two weeks. Every precaution is being taken to prevent the spread of the disease and it is hoped there will be no further trouble.

Rolla Long of Chicago visited his aunt, Mrs. J. Eastman, and uncle, A. H. Long, the latter part of the week.

W. D. Herman visited his brother in Kalamazoo and son in Allegan last week.

Mrs. Bock started Tuesday for Post City, Tex., to spend the winter. She was accompanied by Mrs. Zetta Woodruff as far as Chicago, where she will spend the winter with her children.

The stores will close at 7 the balance of the winter.

Louis Goble and family are visiting relatives here for the first time since they chose Montana as their home.

Mrs. Tucker's mother of Bloomingdale is spending a few days with her.

Mrs. Sherwood is slightly improved in health, though still confined to her bed.

Mrs. Herman and family took their New Year's dinner with her parents, Mr. and Mrs. C. Post.

The marriage of Nora E. Graves to Harley Davis of Terre Haute, Ind., occurred in Gobleville on Christmas. They left Tuesday for the furnished home awaiting them in Terre Haute.

Joe Bishop of South Haven has been in charge of the creamery since Mr. Morgan's illness. It is now hoped that Mr. Morgan may recover.

Mrs. Geo. A. Bush is improving.

The Niles-Healy wedding north of town was attended by about 30 relatives of the families. They left on the evening train for Jackson, returning Monday. A reception was held at the Grange hall that evening. The couple are highly esteemed by all.

Mr. Kesler is some better.

Mrs. Frank Bush, who came home from the Kalamazoo hospital, where she underwent an operation, is improving slowly.

Mrs. Frank Sanford was taken with quinsy, which shortly developed into diphtheria. After a two weeks' struggle for life, death claimed her, her heart being paralyzed. In the mean time her husband's mother, Mrs. B. Sanford, was stricken, but antitoxin being used at once she escaped with a slight attack. Rosa, as she was familiarly called by her friends, and everybody was her friend, was a fine woman, an active church worker. She was only a little past 30 years of age. She leaves one little daughter, a husband, father, and grandmother to mourn her untimely death.

GLENDALE

The Woodmen have ten new candidates and several more in sight.

A farmers' institute will be held here at the M. W. A. hall Wednesday, January 12. Speakers of interest are expected. All come and enjoy the day. Dinner up stairs.

The Royal Neighbors and Woodmen will hold their installation Saturday evening January 8. Supper will be served.

The dinner at the church New Year's day was well attended and all enjoyed the day. Miss O'Rea of Grand Rapids was present. She is

assisting in the special meetings being held here.

School commenced Monday after a week's vacation. Several scholars were absent on account of sickness.

Mr. and Mrs. J. B. Steinman of Decatur visited the Tobias and Adam Beach families last week.

Mr. and Mrs. Percy Orton and little Rex spent New Year's day with Mr. and Mrs. S. Orton.

Mrs. Allie Treat is spending some time with her sister, Mrs. Harry Thompson, and the children are attending school.

Mrs. John Shears, Mrs. Louis Shears, Ila Dolbee, Clarice Beach, Leneta Allen and Leta Shered were on the sick list last week.

PAW PAW IS INDEED VERY FORTUNATE

Exclusive Agency for Tanlac Awarded to Paw Paw Drug Co.

Bentley Woman Describes Benefits She Derived from use of Remedy.

Nothing in recent years has created such widespread comment as the announcement that Tanlac, the "Master Medicine" that is being personally introduced in the large American cities, will be distributed in this city through the Paw Paw Drug Co.

Paw Paw is indeed very fortunate to secure an exclusive agency for Tanlac. Tanlac is entirely vegetable in its composition, and is free from all harmful drugs. It has been found universally beneficial in all cases of stomach, kidney and liver trouble, rheumatism, catarrh, loss of appetite, unsound sleep, and as a blood purifier and general tonic for run-down systems it has no superior. That Tanlac is a preparation of more than ordinary merit is evidenced by the many testimonials from well known people all over Michigan. Mrs. Fred L. Shook of Bentley, Mich., says:

"Some years ago my whole nervous system became upset due to stomach and kidney trouble. I suffered from the most terrible pains in my back and side and was unable to sleep. I had that tired-all-the-time feeling. My stomach became upset. I lost my appetite and suffered from indigestion. I began to improve after taking one-half bottle of Tanlac. Now I have taken two bottles and my sleep is sound and refreshing and I do not suffer from my stomach and kidneys any more. I have a ravenous appetite and can eat anything and digest it."

Tanlac may be obtained here at the Paw Paw Drug Co.

Police All Ears.

A British ambassador once had occasion to tell a grand vizier of Turkey that he had incontestable proof that there sat at the grand vizier's table every evening a man who reported all that passed to the ambassador of another power the next morning. It is said that the police of Paris and London vie with each other year after year in their claim that no important crime ever goes undiscovered. It was once wittily said of the police of Beirut, under the old regime, that they surpassed those of London and Paris in the fact that they knew of every crime and robbery before it occurred.—Christian Herald.

THE POULTRYMAN.

Hens need attention on cold days. Let in the sunshine and see that there is clean, loose, dry litter on the floor.

A tight roof, dry floor and ventilation without drafts are requisites of the poultry house.

The fah chicks must be kept growing. The bigger they get before winter sets in the more certain they are to make profitable fowls.

Poultry should always be fed in a clean place. Cleanliness is the greatest foe of roup.

Lay in a good supply of road dust or sifted coal ashes for dust baths during the winter.

During cold weather, the highest priced egg season, we frequently get eggs from more than half of our flock, while our neighbors sometimes complain of getting none at all, and their feed bills are no smaller than ours, writes Mrs. E. O. Swope in the American Agriculturist. In the winter care of our chickens I find several things worth considering. The chaff which lies a foot deep on the floors of many haylofts affords an ideal winter litter for the hens during an entire winter. This chaff not only supplies grass seed, but green feed in the form of clover leaves. I have made it a practice of giving the hens a basket of this at noon, scattering a little wheat and oats in the chaff. It is surprising how the hens will work and scratch to get the wheat grains.

We always have a little corner filled with fine dirt, to which a little lime has been added, for the hens to scratch and have a dust bath. With an old paring knife I cut into small bits the waste part of cabbage, celery, turnips, onions, sprouts and scraps from the table and feed these to the hens. A half bushel of turnips kept in a warm place where it is light, so they will sprout freely, will supply a nice quantity of greens, which will be greatly relished by the hens during the cold days.

Small meat bones may be pounded up and fed occasionally. We cook the potato and apple parings as the foun-

dering the hens a basket of this at noon, scattering a little wheat and oats in the chaff. It is surprising how the hens will work and scratch to get the wheat grains.

"For Galls, We Want No Other"

"For sore breast and galls this does the business," wrote L. House, of Syracuse, N. Y. "In fact, we want nothing better than Hanford's Balsam of Myrrh." Mr. House is one of several thousands who have found out for themselves that this liniment is best of all for external ills of man or beast. When applied by a man to domestic animals, it works wonders. When applied to humans by the mother of the household, it heals like magic, whether the ailment be one of the everyday little cuts or bruises, or whether it be a "hard case."

For Galls, Wire Cuts, Lameness, Strains, Bunches, Thrush, Old Sores, Nail Wounds, Foot Rot, Fistula, Bleeding, Pipe Sores, Etc.

FOR BRONCHITIS, WHOOPING COUGH, CROUP, COUGHS AND COLDS

Make the Best Remedy at Home—128 Teaspoonful for 50 cents.

If everything was sold in as liberal a manner as the below named drug-gists are selling Schiffmann's New Concentrated Expectorant, absolutely no cause for complaint or dissatisfaction could possibly arise from anyone. These druggists say—"Buy a bottle of this remedy and try it for Bronchitis, Whooping Cough, Severe Cough, Croup or any Bronchial Affection, and we will return your money, just the same as we do with Schiffmann's famous Asthmador, if it does not give satisfaction, or if not found the best remedy ever used for any of these complaints." Why not take advantage of this guarantee and try this medicine, and get your money back, rather than buying another purely on the exaggerated claims of its manufacturer or on the strength of testimonials from others and run the chance of getting something worthless and also wasting your money?

In buying this remedy, besides securing an absolute guarantee of its efficiency from these druggists, you also get about eight times as much medicine as you would in buying most any of the old-fashioned, ready-made kinds, which average from 20 to 32 teaspoonful, because 50c worth makes a whole pint (128 teaspoonful) when mixed at home with simply one pint of sugar and one-half pint of water. This remedy positively does not contain chloroform, opium, morphine or any other narcotic. It is pleasant to take and children are fond of it. You will be the sole judge, and under this positive guarantee absolutely no risk is run in buying this remedy. Druggists everywhere are authorized to sell it under the same guarantee as Schiffmann's famous Asthmador, of "Money Back" if not perfectly satisfactory. R. J. Schiffmann, Proprietor, Saint Paul, Minn. Guarantee here by E. B. LONGWELL

Kalamazoo Glazed Tile Silo

In use on the farm of Mr. B. Ely, Olivet, Mich.

Under date of April 30, 1915 he writes us as follows:

Gentlemen:—I received your letter some time ago but as I did not have a photo of the silo I waited for some to be printed, so I send you one. I am well pleased with the silo I bought from you; it keeps the ensilage fine to the very edge. It did not freeze to speak of, and we did not find any spoiled; it is fine. Your Door Frame ought to convince anyone that the Kalamazoo is the only silo to buy. I would not part with it for twice what it cost me.

Yours,

Edwin B. Ely.
